

Retail solutions

**COMPCO**  
Fire Systems

## Supporting business growth and development

Whether you're under pressure to start trading or reduce downtime in your plant, it makes sense to install the systems you need quickly.

Through unique processes and approaches, our Special Projects Team will deliver the fire protection systems you require with unrivalled speed and efficiency.

Building lasting relationships with many leading businesses, our engineers respond to the challenges of the fast-moving retail sector every time. For industrial and manufacturing clients, our highly structured approach to installing or modifying sprinkler systems minimises shutdown time.

So, whatever your business, we can deliver quality systems quickly and within budget.

## Dedicated fast-track team

Operating from equipped mobile workshops, you can rely on our trained engineers to deliver your solution within the timescales your project demands. Furthermore, our regional offices support each engineer, giving them all the assistance they need to complete the project to your full satisfaction.

As COMPCO Fire Systems is LPCB Level 4, BAFSA, Construction Line and Safe Contractor approved, you can be sure our service, workmanship and safety meet the highest possible standards.

## Comprehensive fire protection solutions

COMPCO offers complete nationwide fire protection solutions, from consultancy to design and installation. Our portfolio of products and services includes:

- Automatic sprinkler systems
- Hydrant mains
- Wet and dry risers
- Water mist sprinkler systems
- Gas suppression
