

Total service solutions

COMPCO
Fire Systems

Staying safe with Service and Maintenance

Staying protected and compliant means ensuring your fire-protection system remains in perfect working order. An annual maintenance contract from COMPCO will ensure your installations operate seamlessly and continue protecting your organisation.

With comprehensive status reports supporting your maintenance contract, you'll know your system is protecting you continuously from the risk of fire. What is more, our personal service includes follow-up calls from the service team informing you of any faults in your system and the likely cost to rectify them.

Covering all elements of your fire protection, COMPCO provides service contracts for:

- Sprinkler Systems
- Water Mist Systems
- Expanded Foam
- Gas Suppression
- Fire Hydrant and Hose Reels
- Wet Risers / Dry Risers
- Fire Detection and Alarm Systems

Responding rapidly to emergencies

With a 24 hour emergency call out service, our teams are primed and prepared to react rapidly to any emergency. Arriving at your site within four hours of your instruction, we will act immediately to minimise damage, secure your location, and protect your people.

Setting the standard

At COMPCO, we perform all maintenance and service work to the highest quality and standards. What's more, our work is backed by specific method statements, risk assessments, and health and safety policies. As COMPCO Fire Systems is LPCB Level 4, BAFSA, Construction Line and Safe Contractor approved, you can feel sure our commitment to service, workmanship and safety satisfies your every expectation.
