

Strength in the North

COMPCO
Fire Systems

Providing fire protection and security in North England

When it comes to safeguarding your people and property from fire, it's good to know your chosen fire-protection contractor is never far away.

From office blocks in Sheffield to shopping centres in Liverpool, COMPCO is the chosen contractor for major projects throughout the north of England. With a local team of design engineers, project managers, service personnel and

support specialists, COMPCO is dedicated to providing the region with the finest selection of services.

From designing, procuring and assembling sprinkler systems, to installing and commissioning fire-engineering solutions, we will tailor our service to meet the exact needs of your project.

What is more, as COMPCO Fire Systems is LPCB, BAFSA, Construction Line and Safe Contractor approved, you can be sure our service, workmanship and safety meet the highest possible standards.

Comprehensive fire protection solutions

COMPCO offers complete nationwide fire protection solutions, from consultancy to design and installation. Our portfolio of products and services includes:

- Automatic sprinkler systems
- Hydrant mains
- Wet and dry risers
- Water mist sprinkler systems
